

The Border Advertiser

ISSUED WEEKLY

AT NOGALES, ARIZONA.

—BY—

FRANK M. KING.

JUNE 26, 1897.

Who could ask more charming weather? If this should last all summer it would break the summer resort proprietors.

How William Jennings Bryan will speak at fiesta park in Los Angeles, California, July 5. Hundreds of Arizonans will hear him.

Southern pig iron sales at \$5.75 does not augur well for the iron industry, despite Dun & Co.'s optimistic and capitalistic view of things.

The affidavit business has been carried so far in Arizona that now to file charges against a man in Washington helps him, instead of injuring him.

The correspondent who sent out that earthquake story over the wires from Nogales must have been loaded with Pete Torres' best mescal. He would do for a running mate to Jules Verne.

Petitions were being circulated last night for the appointment of Mr. E. G. Norton for the position of deputy collector of customs at this point. Mr. Norton left this morning for Nogales to present the petitions in person. He has many friends here who would be pleased to have him get the appointment—Bisbee Orie.

If Mr. Norton has not passed the civil service examination his petitions will not do him much good.

The Consolidated National Bank of Tucson stands at the head of all the banks in Arizona on cash resources. According to the May report made to the Comptroller of the Currency, its cash resources amount to \$275,891.33. Nearly as much as any other two banks in the territory. The officers of this bank are M. P. Freeman, president; W. C. Davis, vice president; H. B. Tenney, cashier.

SENATOR TILLMAN has proposed an amendment to the tariff bill that would do more than all the recent attempts to restrict immigration. It provides for a head tax of \$1.00 on each immigrant and makes it a misdemeanor for any alien who does not intend to become an American citizen and to remain such, to enter the United States for the purpose of engaging in any mechanical trade or manual labor. There is a provision that the head tax shall cease to be levied as soon as the United States adopts the free coinage of silver.

MR. MCKINLEY is a graduate of the Ohio school of politics, and few slicker individuals hold diplomas from that source. His trotting out of that new treaty for the annexation of Hawaii at this time is a very slick attempt to take advantage of the popularity of the idea of annexing Hawaii to distract public attention from his failure to announce his Cuban policy, in accordance with promises made on its behalf in Congress. Had the people not been clamoring for action towards Cuba it is not likely that the Hawaiian treaty would have been heard from before next winter, notwithstanding the declaration of some of Mr. McKinley's friends that it was brought forward to assist the senators to intelligently dispose of the tariff.

ALTHOUGH it is well known that many of the democratic senators favor the ultimate annexation of Hawaii very few of them have committed themselves on this new treaty. It is too important a matter to be decided on the spur of the moment, and it will not be surprising should the democrats oppose any attempt to railroad the treaty through the senate at the present session. Nothing will be lost by allowing the treaty to go over to the regular session of congress. Already the question is being asked, why do so much for Hawaii, several thousand miles away, and nothing for Cuba, which is suffering right at our doors, so to speak. There is some talk about delaying action on the Hawaiian treaty until Mr. McKinley agrees to do something for Cuba, which many think must also ultimately come under the control of the United States in some form or other. Some democratic

senators favor holding a caucus to decide just what attitude they shall take towards the Hawaiian treaty, but nothing definite has yet been determined upon.

AN ARIZONA BOOK

Written by M. J. G. Hilzinger, a Writer of Merit.

It is an old saying, that what is worth doing at all, is worth doing well, and when some of the leading public men of Pima county decided that the time had arrived to disseminate some information regarding that part of southern Arizona in which we are chiefly interested, they went to work on this principle.

Mr. J. Geo. Hilzinger, one of our best writers and artists, who has been in touch with our development for the past sixteen years, and is known to our people and enjoys their confidence was requested to take charge of the work. It is with him a work of love as well as a business, and the result of his labors will not only be an encyclopedia of information but a veritable contribution to literature, which will be preserved in libraries long after many of us have passed away.

The volume will contain nearly 200 pages and over 150 photo-engravings and original etchings. It will be gotten up in the finest style by one of the leading publishers of the country. It will contain valuable historical matter, sketches, reminiscences, tales, descriptive and statistical information and be a complete guide and mentor.

The style will be such that it will be read from beginning to end and favorably compare with our brightest magazines. There will not be a dull page in it. No advertisements of any kind will be inserted in it. It will be an Arizona book written by an Arizonian who has been identified with the country for years and whose name is a guarantee of honesty of purpose and whose reputation as a writer is firmly established.

The progressive citizens of Nogales and whose reputation as a writer is enthusiastically, and we believe they will do so.

RAILROAD NEWS.

What is Going on Along the Line.

Conductor Douglass doubled back to Magdalena Wednesday on a special. Clarence Gaston of Keytesville, Mo., is visiting the family of Trainmaster E. J. Gibson.

Lineman Bowman arrived from Torres last night and will return the first of the week.

C. A. Loy, machinist at the Guaymas shops of the N. M. & A. is in town stopping for a few days.

The pile driver went to Benson Tuesday to drive piles for a new bridge to be put in the Y of the N. M. & A.

J. P. Fox, formerly baggage master and conductor on the B. & N. R. R., is now running as brakeman on the N. M. & A.

The Indians have erected a cross on the spot where the Indian woman was killed by a train recently near Sanford and they keep it draped with flowers.

Frank Ward, from the general offices of the Empire line out of Chicago, is in Nogales spending his vacation with Trainmaster Gibson. Mr. Ward is a brother of Mrs. Gibson.

Alex. Seramin, lineman on the N. M. & A. and Sonora railroads, has accepted a position with the Postal Telegraph company at Fresno, and will leave for there Monday. His family go later.

R. H. Roter, foreman of the rock train, Conductor Long and Engineer John Mason, have finished the rip rap work in Sonoma canyon and are now working on the San Pedro near Fairbanks.

Miss Fannie Armitage, daughter of Section Foreman Armitage at Benson, is home on a vacation from the University of Arizona at Tucson. Miss Armitage is one of the brightest young ladies now attending the university.

The N. M. & A. railroad boarding house at Benson, being conducted by Mrs. Armitage, is the best in southern Arizona. The food is wholesome and well cooked and the boys running on the road are always glad when they get to that end of the line. It is too bad they haven't such a one in Nogales.

Salas, a brakeman on the Sonora

railroad at Guaymas, with three other Mexicans beat an American nearly to death near the shops there Monday night and then skipped the country. They smashed the fellow's head and left him for dead but it is thought he will recover. The injured man's name was not learned.

It is believed that the construction work on the Gila Valley, Globe & Northern railroad will be pushed to a speedy conclusion. President Garland and Vice-President Cutler, have been in Globe several days in the interest of the road and it is expected that the road between Fort Thomas and Globe will be built at once.

The reports come now that the N. M. & A. will be under the direct management of Supt. Epes Randolph and Master Mechanic L. S. Pratt of Tucson, and the Sonora end of the road to continue under the management of J. A. Naugle and Master Mechanic Johnson. Mr. Turner will be retained as general foreman at Nogales.

W. E. Broderick, brother of T. F. Broderick, is in town from Bisbee visiting his brother. Mr. Broderick was formerly lineman on the Sonora railroad but lately has been engaged in electrical engineering. He helped put in the big electric plant at Jerome. This plant is the largest in Arizona. Mr. Broderick will return to Bisbee Monday or Tuesday to accept a position with the Copper Queen company.

Chief Engineer Thrupp of the N. M. & A. went to Benson Thursday morning to superintend the work of building a ditch to drain the locality near Benson and the N. M. & A. yards during the rainy season. There will be no repetition of last year's floods if Mr. Naugle can prevent it. Ten teams are at work making the ditch, which will be nearly a mile long. Mr. Thrupp did not ride on the engine this trip.

Evidence of the arrival of the S. P. Railroad company are here. Conductors on the N. M. & A. and Sonora railroads have received bulletins from the Southern Pacific company stating that in future Santa Fe cars running on these lines shall be classed as foreign cars and the Southern Pacific cars classed as system or local cars. Three new ten-wheel Southern Pacific engines will arrive at Benson tomorrow, two for the N. M. & A. and one for the Sonora line. Two S. P. first-class coaches arrived this morning and made a good showing on the track after looking at the coops along.

A PLEASANT PARTY.

Mrs. and Miss Mascareñas Celebrate their Saints Day.

A pretty party was given at Consul Manuel Mascareñas residence Monday evening in honor of the saint's day of Mrs. Mascareñas and her charming daughter Miss Luisa.

The orchestra was there and dancing was continued till twelve o'clock and during the time refreshments were served.

Mr. Alfredo Villaseñor and Mrs. H. K. Chenoweth sang several songs. They are both fine singers and their music was very much enjoyed.

SONORA NEWS.

Mining and Other Items from Our Sister State.

James H. Brent, owner of the rich Casita mines came up to Hermosillo last week to meet his bullion train. It is reported that Mr. Brent has won the love of one of Sonora's prettiest daughters.

Señor Aguayo owner of the Mulatos mine died at his mines in Sahuaripa district, about ten days ago.

The La Dura concentration mine in Sahuaripa district has shut down till the rainy season commences. General Manager Hartman will be out next week.

The working force at Prietas will be increased as soon as the rainy season sets in and all the mills will start up.

Richard Stuart, formerly a teacher in the Phoenix public schools, is now conducting a photograph gallery at La Colorado. His daughter is clerking in the company store.

SOMETHING TO KNOW.

It may be worth something to know that the very best medicine for restoring the tired out nervous system to a healthy vigor is Electric Bitters. This medicine is purely vegetable, acts by giving tone to the nerve centres in the stomach, gently stimulates the Liver and Kidneys, and aids these organs in throwing off impurities in the blood. Electric Bitters improves the appetite, aids digestion, and is pronounced by those who have tried it as the very best blood purifier and nerve tonic. Try it. Sold for 50c or \$1.00 per bottle at Chenoweth & Mix.

Hon. H. K. Chenoweth and Dr. W. F. Chenoweth have finished their well above town and now are furnishing the town with water from it. The water runs into town and does not require pumping.

A pleasant party was given at Benson by the Misses Castañeda Wednesday to Miss Edith Stewart of Tucson who has been visiting at Benson. Miss Stewart is the daughter of W. Stewart of Tucson, and is a very accomplished and popular young lady.

Don't Tobacco Spit and Smoke Your Life Away. To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. All druggists, 50c or \$1.00. Cure guaranteed. Booklet and sample free. Address: Sterling Remedy Co., Chicago or New York.
